PECC member economies
1. Macro Analysis Theme

More resilient economic society against crisis toward the demand-led and sustainable growth – Social Safety Net and Income -

- Does the sense of safety for the future create demand boost?
- What main reason to stimulate the Private Consumption? : The level of income, the sense of safety for the future, and the growth rate
- The adequacy of Social Safety Net
- Does the Social Safety Net alleviate the anxiety for the future?
- Does the sufficiency of Social Safety Net expand the domestic demand?
- The influence on Global Imbalance :
  High dependence on export ≡ Low private demand → Global Imbalance

2. Micro Analysis

- The adequacy of Social Safety Net in Asia-Pacific Regions (PECC members)
- Pension, Healthcare, Unemployment + Re employment Education and Aging Society
- The survey of previous studies: OECD, UNESCAP, JICA, ADB, World Bank etc.
- The target on developed and medium-developed economies not the reduction of poverty
- The share of Good Practices and Bad Practices in Asia-Pacific Regions
